March 4th, 2026

James Floyd
Director of Detention
Marion County Sheriff's Office

To Whom It May Concern,

It is my pleasure to provide this letter of recommendation on behalf of Gilbert Construction Company. Over the course of our professional relationship, Gilbert Construction Company has completed several projects for us at the Marion County Detention Center. These projects were often ones that other contractors declined to pursue, either because they considered them too small to be worthwhile or too complex to manage effectively within a secure detention facility environment.

Gilbert Construction Company consistently demonstrated a willingness to take on challenging assignments and approach them with professionalism, expertise, and determination. Working within a detention facility presents unique logistical, safety, and compliance challenges. From coordinating with facility staff to adhering to strict security protocols, their team showed a clear understanding of the specialized requirements associated with working in a correctional setting.

Most importantly, Gilbert Construction Company has always gone above and beyond to ensure that every aspect of their work met — and often exceeded — the standards required for a detention facility. They maintained careful attention to detail, followed all applicable regulations and specifications, and ensured that their projects were completed safely, securely, and in full compliance with institutional requirements. Their commitment to quality workmanship and operational integrity has been evident in every project they have undertaken for us.

In addition to their technical capabilities, their team has been responsive, dependable, and easy to work with. They communicate clearly, address concerns promptly, and remain flexible when unforeseen challenges arise. Their professionalism and dedication have made them a trusted partner for our facility.

Based on our experience, I can confidently recommend Gilbert Construct.

Respectfully,

A handwritten signature in blue ink, appearing to read "J. Floyd".

James Floyd
